

Do guests need *an app?*

No. It opens in their browser, straight from your table QR.

Does it replace *my staff*?

No. There is no online ordering or payment. Guests build a list and show it to the waiter.

Will it work on *my* *wifi?*

It is built for slow restaurant wifi. The dish photo shows first, the 3D arrives after.

What does *the pilot* cost?

PKR 25,000 for a Lahore pilot.
